Ultraviolet Light Sanitizing Cabinet

Ultraviolet Light Sanitizing Cabinet (UV-C Cabinet) built primarily for drive up carriers but can be used for anything including currency counters, laptops, keyboards, mail, night drop deposits, etc. The teller can keep additional carriers in the UV-C Cabinet and rotate after each transaction.

Features

- 3 Models: Standard, Tall, and Tilt
- 36 watt dual germicidal lamps at 254nm
- Helps reduce bacteria, viruses and mold
- 360 degree parabolic reflection
- Black exterior with aluminum interior for maximum UV-C light reflection
- Built in door contact for on/off switch
- Built in UV "Smart Light" photocell indicator
- Remote Monitored (coming soon)

Patent Pending

v. DE4.24.20

Cook Security Group reserves the right to discontinue, or change at any time, specifications or designs without notice or without incurring obligations.
